

BOO Paper-Chain Garland

Instructions

Kids, ask a grown-up for help with scissors!

1. Cut the paper in two strips along the horizontal dotted lines.
2. Make accordion folds at the fold lines as shown. Press hard to make a sharp crease.
3. Cut out the front Boo along the dotted lines.

4. Unfold the paper to reveal a row of Boos. Eek!
5. Repeat steps 2 to 4 on the other paper strip, then tape or paste the two strips together by overlapping Boo's hands.

You can add more rows to make a longer garland to hang as a decoration!
