LUIGI LOGIC HEADBAND

NINTENDO SWITCH

1 Carefully cut out the Luigi Logic bubble and the three strips along the dotted line.

2 Place the Luigi Logic bubble on a flat surface with the blank side up.

3 Tape the end of a strip (blank side up) to the back of the Luigi Logic bubble.

4 Wrap the headband around the top of your head to find the right size. Hold the strips in place, then take it off your head and tape the ends of the strips together.

5 Next time you have a great idea, put on your headband!
