

Craft a bookmark with Pikmin!

- 1 Carefully cut out the Pikmin decorations following the dotted lines. Measure and cut pieces of clear contact paper or packing tape to fit over the windows of your bookmarks.
- 2 Cut out the bookmark frame along the dotted lines. Fold the bookmark in half, then carefully cut out the blank middle pieces.
- 3 Peel off the backing of one piece of contact paper or packing tape and lay it on your workspace with the sticky side facing up.
- 4 Carefully stick the bookmark frame onto the contact paper or packing tape. Decorate your window with the Pikmin decorations. Use as many as you like!
- 5 Once you're done, carefully place the second piece of contact paper over the first piece.
- 6 Trim the edges of excess, now the bookmark is ready to use!
