

### Paper Mario: The Origami King confetti bookmark

**Materials needed:**

- Clear contact paper (preferred) or clear packing tape
- Tape
- Glue
- Scissors\*
- Additional confetti or glitter (optional)
- \*Kids, ask a grown-up for help with scissors!

**Instructions:**

**Step 1:** Cut out the bookmark frame along the dotted lines, then carefully cut out the blank middle pieces along the dotted lines to make two windows.

**Step 2:** Fold the bookmark frame in half lengthwise along the solid line, then tape or glue the sides together.

**Step 3:** To make the confetti, cut out the color swatches and tear up the paper into small pieces. You can also use scissors to cut up the pieces, or you can use your own glitter or confetti.

**Step 4:** Cut out two pieces of contact paper. Each piece should be a little larger than the bookmark frame.

**Step 5:** Peel off the backing of one piece of contact paper and carefully tape it to your workspace with the sticky side up.

**Step 6:** Carefully stick the bookmark frame onto the contact paper. Use your finger to pick up pieces of confetti and stick them to the contact paper inside the window cut-out.

**Step 7:** Once you're done, peel off the backing of the second piece of contact paper and carefully place it over the first piece.

**Step 8:** Cut out your bookmark. It's now ready to use!
