

Printable Pikmin Headband

Kids, ask a grown-up for help with scissors!

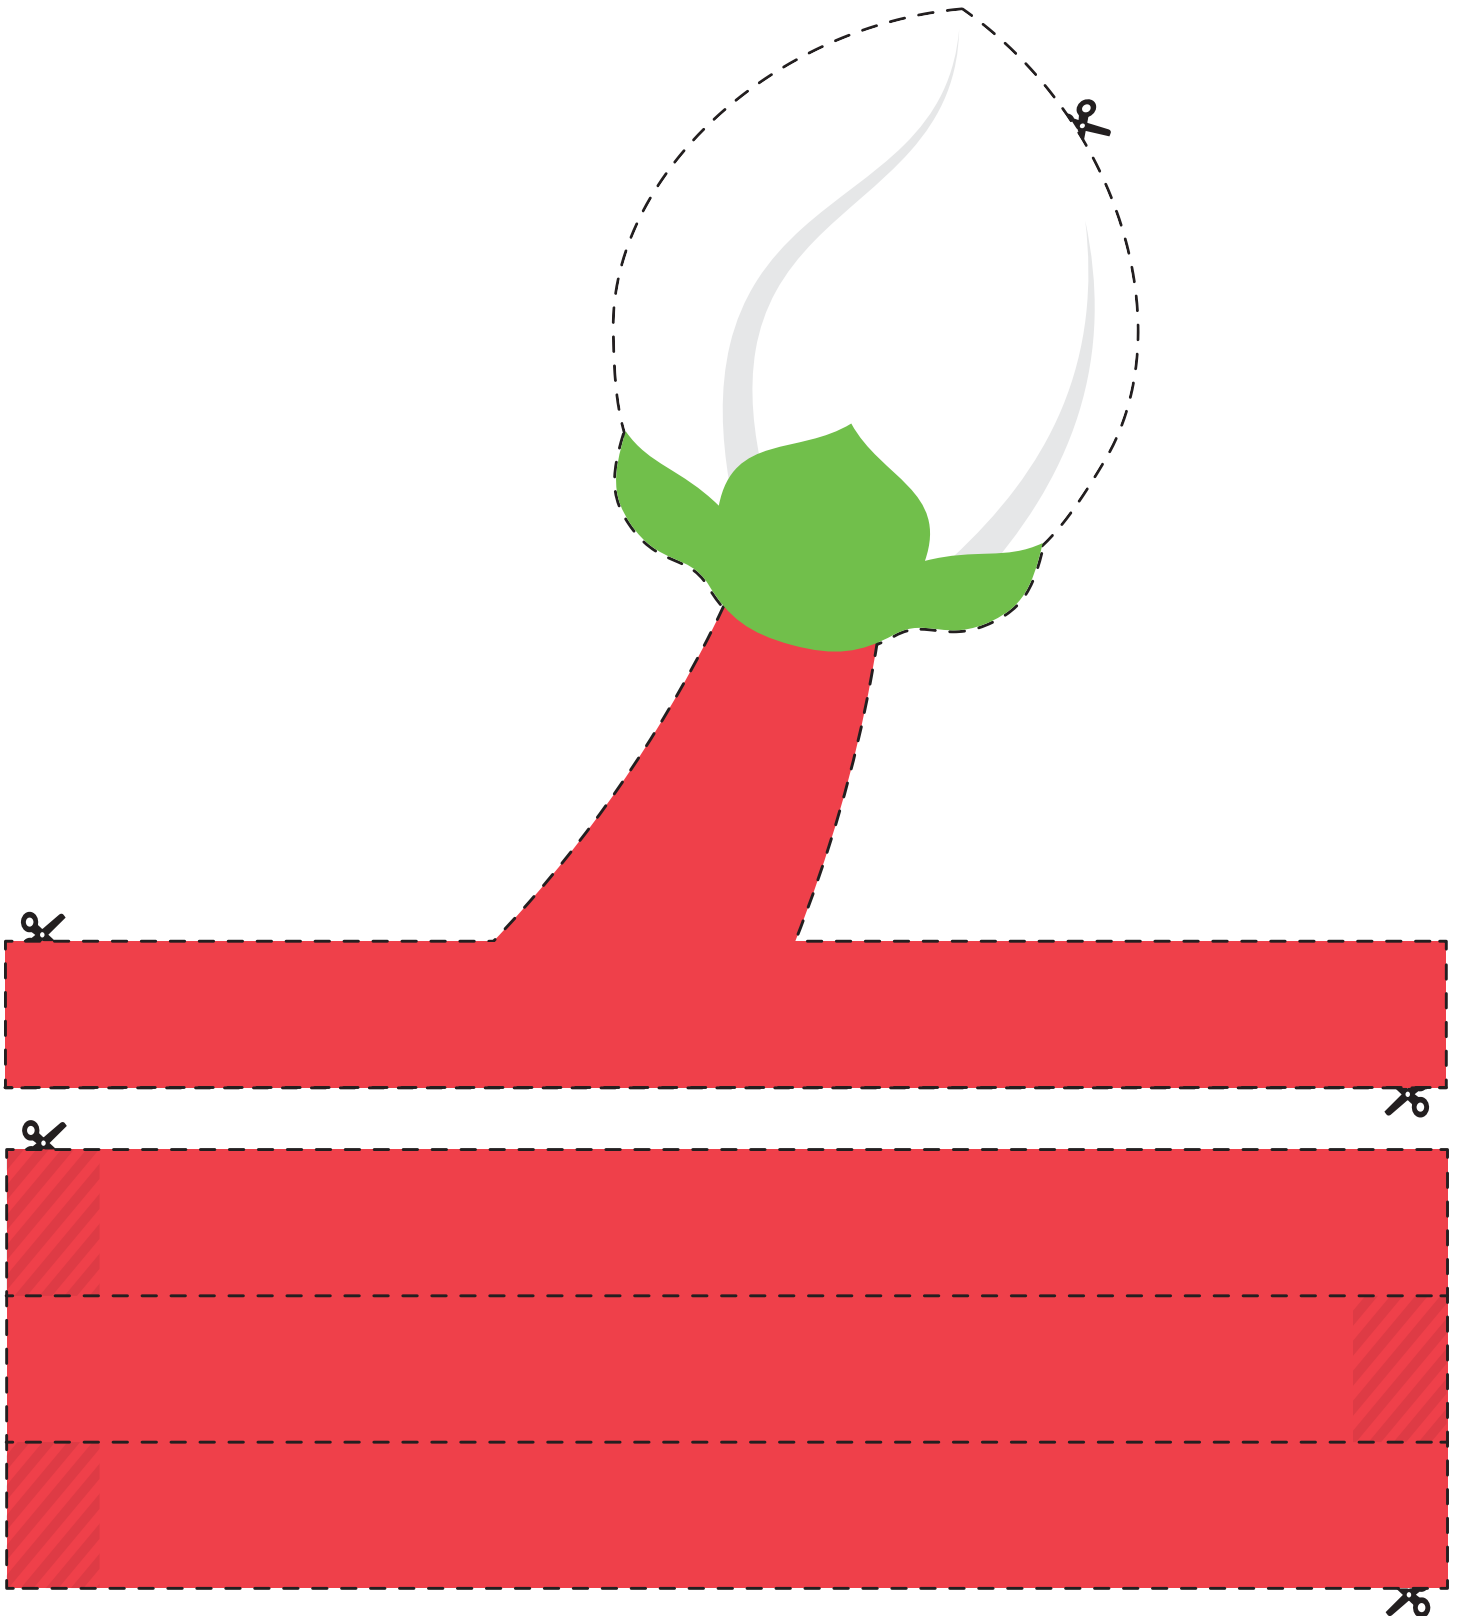

- 1 Choose a design (Leaf, Bud, or Flower) and cut out the headband and strips along the dotted lines.
- 2 Put the headband face-down on a flat surface. Tape the end of a paper strip to one end of the headband, then do the same for the other side. Make sure the strips are face-down when taping them on.
- 3 Wrap the headband around the top of your head to find the right size. Hold the strips in place, then remove the headband and tape the ends of the strips together. If needed, use the third strip to make the headband a little bigger.
- 4 Now you can pretend you're a Pikmin and explore the world around you!
