
Graduation Cap with Mario!

Instructions:

1. Cut out the cap top, star, and tassel along the dotted lines.
2. Tape or glue the flat end of the tassel to the middle of the cap top, and then tape or glue the star on top of the tassel. Or you can punch a hole in the middle of the cap top and use a brad to attach the tassel to the cap top, then tape or glue the star over the brad.
3. Cut out the cap strips along the dotted lines to create a series of pointed tabs.
4. Fold the cap strips along the sold lines where shown.
5. Tape or glue together the two cap strips to make a single strip, then tape or glue the ends together.
6. Tape or glue the tabs to the blank side of the cap top to form the sides of the cap.
7. Celebrate by throwing your cap in the air. Happy graduation!
