

# Yoshi Pumpkin Stencil

## Instructions:

Kids, ask a grown-up to help you apply the stencil and carve the pumpkin.

**1**

Cut out a lid on your pumpkin, then scoop out all the gross innards.

**2**

Trim the excess paper around the stencil. Leave a border of at least ½ inch.

**3**

Tape the stencil to your pumpkin, then use a pushpin to carefully poke holes along the guide lines. Space the holes about 1/8-inch apart.

**4**

Remove the stencil and tape, then use a carving saw to cut along the dotted lines you made with the pushpin. Use carving tools to smooth out any rough spots.

**5**

Illuminate your jack-o'-lantern with a glow stick, jack-o'-lantern light, or candle (with adult supervision, of course).
