11

Slide a finger into the fold from Step 10 and pull out. Pinch at point shown and fold down at an angle.
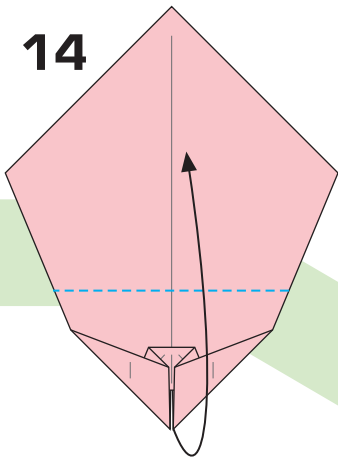

12

(Continued from previous step.) Fold as shown here.
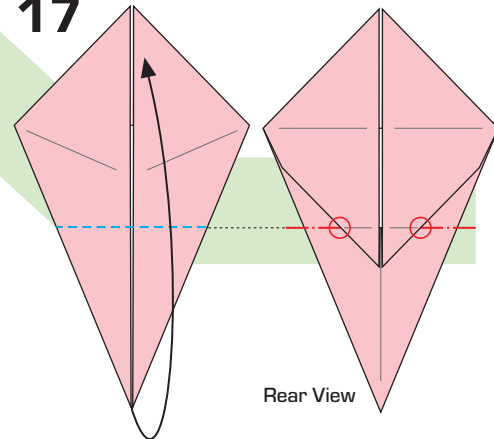

13

Repeat the same fold on opposite side.
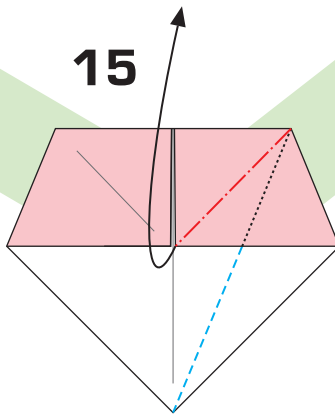

14

Lift up bottom and fold along crease.

15

Flip the paper over. Slide a finger under the fold, pull out corner, line edge up with center crease, and fold.

16

Repeat the same fold on opposite side.

17

Rear View

Fold the tip, but not the flap behind it, up to crease on back. (See rear view.)
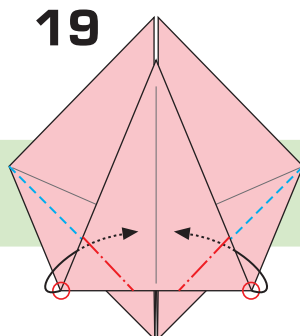

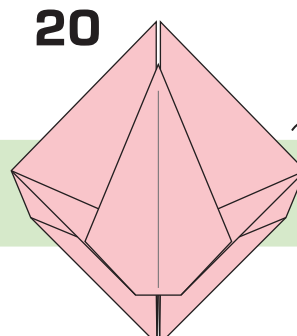

18
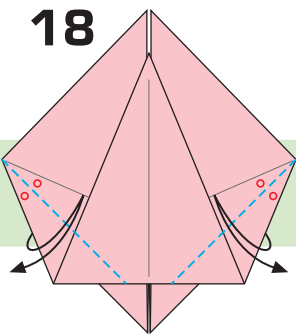

Line corners up with creases shown and fold. Angles should be equal.
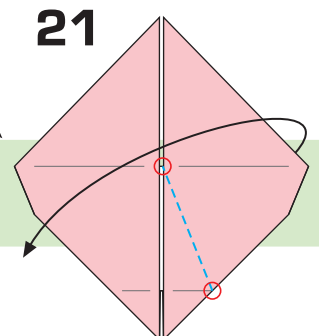

19

Change the fold in front to a mountain fold. Fold corners in at points shown.
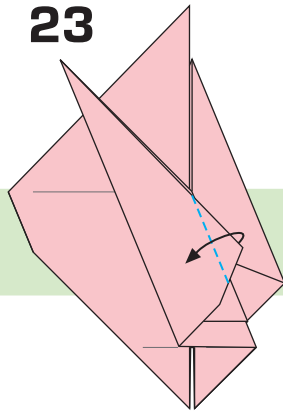

20

Flip the paper over.

21
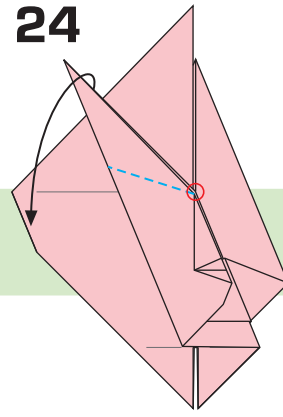

Fold corner along the line to connect the points shown.

22

Fold the side in half along the dotted line.
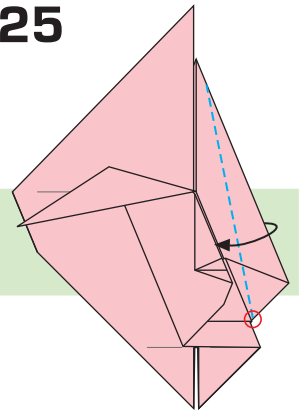

23

Fold the tip of the side as shown.

24

Fold corner down from point shown.

25

Make a thin fold on the side from point shown.

26

Fold corner down from point shown.

**27**

Fold corner along the line between the two points.

28

Fold the other side in half along the dotted line.
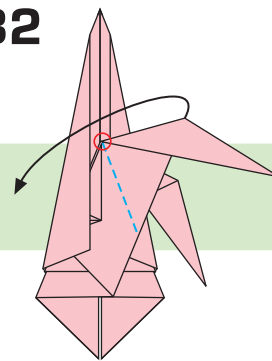

29

Fold the tip of the side as shown.

30
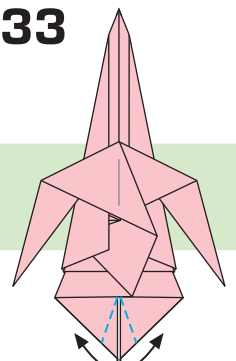

Fold corner down from point shown.

31

Make a thin fold on the side from point shown.

32

Fold corner down from point shown.

33

Fold corners outward as shown.

**34**

Fold in along the lines connecting the two points.

35

Fold the arms a little thinner.

36

Flip the paper over.

37

You're done!

# PIKMIN™

Red Pikmin Head
Suggested Size: 20 x 20 cm

**Pikmin Eye Pieces**
Cut out with scissors

1
