

Inkling Jack-o'-Lantern

Instructions

Kids, ask a grown-up to help you apply the stencil and carve the pumpkin.

Step 1

Cut out a lid on your pumpkin, then scoop out all the gross innards.

Step 2

Trim the excess paper around the stencil. Leave a border of at least 1/2 inch.

Step 3

Tape the stencil to your pumpkin, then use a pushpin to carefully poke holes along the guide lines. Space the holes about 1/8-inch apart.

Step 4

Remove the stencil and tape, then use a carving saw to cut along the dotted lines you made with the pushpin. Use carving tools to smooth out any rough spots.

Step 5

Illuminate your jack-o'-lantern with a glow stick, jack-o'-lantern light, or candle (with adult permission, of course).
