

# WARIO 'STACHE MASK

*Kids, ask a grown-up to help with scissors!*

## INSTRUCTIONS:

Cut out Wario's nose and mustache along the dotted line. You can glue a wooden craft stick to the back of the mustache as a mask-holder or use string to wear the mask.

If using string, punch holes where shown using a holepunch or a pencil tip. Thread string through one of the holes from the front of the mask to the back.

Run string along back of mask and through hole on other side from the back of the mask to the front. Loop string over your ears and tie the ends behind your head. Instant Wario!
